Memo (1)

The Mandigere ~~Taluk~~ is quite at one end of the Taluk - very far from Kalasa and other parts included in it - Kembak Hatti which is 8 miles beyond on the Boondpat Road and near the River is a far more convt and central place - and supposed to be more healthy. The Travellers Bungalow at Kotigehar is only 2½ miles from Kembak Hatti - The road to Kalasa branches off from Kotigehar -

A few villages Gole Malatee and Ballada Koomri, which are in the midst of the Koppa Taluk should be transfd to that Taluk - and the Whole of the Bidarnad magani with Moor which is 2 miles from Chikmagalur should be transfd to that Taluk, transfg the Aravalli Magani of Chikmagalur which is beyond the Khadra and very far, to the Koppa Taluk -

Under this arrangt it will also be necessary to transfer from Kalasa again to that Taluk, excepting perhaps a few villages near Mandigere & in which are situated 2 or 3 European Estates found in this part. The rest of

greater part of the European
Estates in this part are in the Magania transfd
from Krishnagiri to Hudigere and
which may remain in the Hudigere Taluk.

~~Magania extends elsewhere to~~ This will
~~extend~~ to a considerable extent
diminish the area and Revt
of the Hudigere Taluk, but as the
Taluk is provided chiefly for the
convenience of the Planters in that
part, it need not, for the simple
purpose of making it large, be
extended to parts inhabitants of
which will prefer decidedly to go to the
Cutcherry of Bednur and Chikanagalur.

The Jagir valley may be added
to Chikanagalur and to prevent the latter Taluk
becoming unduly large, the Magannes
of Kalacapur, Hudigere, Rajanadiyagur
Balavadi and Kanigatta ~~Schoolf~~ which
were formerly in the Bednur Taluk, may
be retransferred to that Taluk, and the
Sakrayapatna Magane ~~and the Gorkata~~ Arka of the Kenkere Magane
to the Banavar Taluk, the Cutcherry
which may be removed to Kadur,
the Circle of the Kamchally Dt being
transfd to Arsikere adding to it portions
of Banavar and Tarikally &c

Part of the Jogiwada valley were transfd.
to Chikmagalur there will be even less
reason to retain Lakvalli as a
separate Taluk. The portion of the Lakvalli Hobli
Bhadra may be transfd. to Koppa and
that to the South to the Tarikere Taluk.
Kadur may take some portion of the
Tarikere Taluk nearest to it.

Ramagiri & Lakkondra and
Kasaba Hobli of the Tarikere Taluk
may in like case be transferred to the
Manjarabad Taluk.

Proceedings of the
Chief Commr. of
Mysore
Revenue Deptt.

G.L.R. No. 647-63 dt. Bangalore
Rev. 304 31st July 1963 } Orders. *

In connection with the revision of establishments and reorganization which are now being carried into effect in the Province, the Chief Commissioner considers it desirable that the question of the boundaries of Taluks and even of Districts should be taken up in a comprehensive manner and altered where they are inconvenient, so as to make the Taluks and Districts compact and convenient to the people. The Deputy Commissioners are

the reports requested
to take the matter into
their consideration
and submit as early
as practicable through
the Commissioners
proposals for any
alterations of boundaries
required with stated
maps illustrating
them.

The following are
some of the alterations
which it appears to
the Chief Commissioner
might advantageously
carried into effect

Mysore &c. As the Kaveri is
to be amalgamated with
Karnau, some talúks of
the latter, viz. Nagamangala,
and Attikuppa and the
portion of Nelgodu
south of the Kaveri, may be
transferred to the Mysore
Dist. The boundaries of
Attikuppa and Channapatna

The portion of the Kanawa Taluk beyond Kadur may be added to Tarikere.

The Kadur Taluk may perhaps be similarly abolished, the greater portion being added to Koppa and some to Tarikere, a portion of the latter again passing to Shimoga being transferred to that Taluk.

The Tarikere Taluk itself may be transferred to the Shimoga District. The rest of the Kadur Taluk will be amalgamated with Kasaba, a special Subdivision Officer being retained at Chikmagalur.

Chikmaloor and Tarikere Districts

The boundaries of the Taluks in these two Districts may, on revision - the Chikmagalur Kasaba Taluk especially might, on a revision of boundaries, have one of the Taluks -

Kasaba

a portion of the Kasaba - both Taluks may -

may require, to a Jemadaree, and the Jemadaree of the other talooks should also be revised. The Baramahla passed in the Judicial Select may be transferred to Kankandally.

Kaccan and Kadumbo. The talooks of Kaccipetta and Attakgode may be amalgamated, a portion of the former being transferred to Cheruvaipatam in the event of Attakgode being made the Head Quarters, or the north-eastern portion of Attakgode being transferred to Kaccipetta if the latter be the Head Quarters.

The Kankandally talook may be divided, the greater portion of it, from Periakere northward, being added to Baramahal and the southern portion to Kaccan and a few villages forming a Cheroo-patta.

perhaps be transferred to Kurtal and any other adjustment of boundaries required may be considered.

Kuriadi- The three very small Taluks Periyakulam, Andibanda and Gurunayakkanpalayam may be formed into two, transferring portions of Periyakulam if necessary to the adjoining Taluks in Tinnevelly.

Bdj 9/7

It is not desired to make the Taluks larger than they can be conveniently ~~could~~ well be managed. Any Taluks which are very small and inconveniently situated may, where convenient, be absorbed into others.

In making these revisions, the

existing jurisdictions
of municipalities should be
taken into consideration
and the talukas so formed
that the future juris-
diction of the Executive
should comprise
complete talukas.

So it may also be
desirable that the
Executive Public Works
charges should be
coterminous with that
the districts, and their
sub-divisions should comprise
entire talukas, the
Executive Engineers
should
~~thereby~~ be consulted
with regard to the
division proposed.

Tinukki District
Deputy Commissioner's Office
Circuit Camp the 7th July 1879

Tinukki No. 2,731.
Encl: — 1

To

The District Judge of the
Kandyan Division

Sir,

Adverting to the late Commissioner's Circuit No. 7-3 dated 6th ultimo* and subsequent reminders from you I have the honor to forward a Statement showing the boundaries of the Circuit Area for Municipal purposes.

* No. 6 of 5th June 1879 — No. 7 of 6th July 1879

2 — Throughout the present Head Quarters of the N.E. division is pretty convenient situated as regards the whole of this jurisdiction but it is not easily accessible owing to defective roads and is in itself a place of no importance. In my opinion Matale is the only other place to which the Head Quarters could be advantageously removed. It is situated on the Bangalore Municipal High Road. The Mid Ellegre Road passes through it; it is connected with Municipal by a good road passing via Kelebokka and Galboda, and it is in contemplation to open a direct road from Kelebokka

to

to Kadala which latter is on the Lira Chipore Road. In addition to these advantages in the matter of Communication Attiur possesses also that of being very conveniently situated as regards the forest land of the division in which are included the Chickanaikenahally Taluk and a part of Goothiandl. Since the recent abolition of the Resident, Attiur is left without a Magistrate, and the location of the Courts & Public Offices would remove this disadvantage and give us a good Magistrate in a part of the District in which is much Reserved land and requires to be carefully watched. If the Court is removed to Attiur no change of jurisdiction would be necessary as Cudli is only 6 miles from Attiur. The only drawback to the proposed change is that there is no proper building available for the Court, unless the Class Quarters at Bungalow is taken up for the purpose. If the change is considered desirable I shall hereafter report more fully on the question of accommodation.

3. — But if it is decided to keep the Court where it now is the transfer of a part of the Taluk of Cudli

to

to the Tuticorin Munsiff would in every be preferable to the transfer merely of the municipality of Gudalur, the suits arising within the latter being inconsiderable and chiefly in the nature of petty money claims.

4.— The following group of principal villages belonging to the Gudalur Taluk is a piece of territory which lies right into the Tuticorin Taluk, and would be a very convenient addition to the jurisdiction of the Tuticorin Munsiff—

Pradhanamalai.	Taluk Gudalur.	Anjoor.
Adugiri.	Tovalai.	Mudigamalai.
Chennadagiri.	Talamoor.	Alamadamba.
Kudagampalli.	Adachapura.	Ammanayaki Amudaimudra.

5.— It is therefore undesirable that small cause jurisdiction to any Court at Tuticorin over the Gudalur municipality which is at a distance of 12 miles. Such jurisdiction is not really required and it will afford no relief which can be regarded as sufficient consideration for dispensing with the guarantees of regular trials and appeals.

I regret to have delayed closing the submission of this report. I would like all the principal placed within the

Munsiffs

Municipal jurisdiction before offering an opinion on the subject and it was only towards the end of last month that I was able to proceed to Jaipur, Secretary, Bhagadanda, Kunigal &c.

From

The Divisional Special Commissioner
Tumkúr Division

To

The Deputy Commissioner
Tumkúr, District.

No 106 Dated Tumkúr the 6th August 1879.

Sir,

With reference to your No 180 dated 6th August 1879 forwarding Extract Commissioner's Proceedings No 633-63. Genl dated 3rd July 1879 for any remarks that I may wish to make, I have the honor to state that in my opinion no revision of the Jumabandy is needed in the Tumkúr, Turuvekere Chickdagey and Chiknayakenhully Talugs, nor can the Circuit Kaikenhally or the Gunnarahy Talugs be abolished - The former is already too large, while the latter has lately been enlarged by the addition of portions of the Chiknayakenhully Talug. —

2. Whilst the Koodigal Talug can be conveniently abolished a portion being added to Hiriedroog in the Chitteldroog District and the other to Chiknayakenhully. —

3. It is necessary that some alteration should be made in the Tumkúr, Kadaé, and Chiknayakenhully Talugs. Portions and Chitnaikan

Lammuta may be transferred from Cadar to Ennigal, and Ennigal from Vellavarian Taluq to Cadar, while Turaiyur Amman and Padi-pattu Amman may be added to Vellavarian-taluq. The reasons for these changes are obvious.

4. The Cuddalore Taluq in the Ennigal Taluq may be transferred to the Chingleput Taluq in the Nagore District it being quite close to Chingleput and Tindivanam to the Nagore Taluq.

5. Some parties of opinion that the territorial jurisdiction of the Criminal Courts requires no revision, and it is highly desirable that the Head Quarters of the three Munsiffs should be at Tittagudi, Turaiyur being an out of the way place. Tittagudi is in a Central position and much inconvenience will be saved to the parties. The villages of the Tittagudi Taluq now attached to the jurisdiction of the Turaiyur Munsiff will be in the Vellavarian-kuli Taluq when Tittagudi is abolished, and hence the jurisdiction of the Munsiff will be three Complete Taluqs.—

Deputy Commissioner's Office
Camp Tenjore, 8th August 1919.

To,

The Secretary to the
Chief Commissioner of Civil Supplies
Revenue Department

Sir,

I have the honour to acknowledge the receipt of Chief Commissioner's Proceedings No: 63 Rev: Dis dated 31st July 1919, and in reply to regret as follows:-

2. As the Basicial Table in the Tinnevelly District and the Karnadaka Table of the Madras District are very convenient circles for the purpose of being blended among the surrounding tables I would propose that a portion of the Basicial Table, comprising the Taluks of Tandikore, Nicolamtah and Dindigul should be added to Tinnevelly=Karnadaka. The reason for this addition is to those that it has already been effected when

regarded the jurisdiction of the Varicherê Mansiff.

3. If the present Commandi table is to receive any addition from the Pharmacopia table proposed to be established, then in that case in order that the former table might not be inconveniently large I would propose to change to Chicktanagakandalli the Kottai of Vinduligeri and Pallavanti.

4. These additions would make the Chicktanagakandalli table very large, and I would therefore take away from it the Kottai of Bagadadi and Nittur, as there is no communication between Bagadadi and Chicktanagakandalli with four parallel ranges of hills intervening, and as Nittur is much nearer to Gudli on the main road of traffic than to Chicktanagakandalli which is out of the way altogether. Even Dandinidara might with advantage be changed to Gudli for the same reason as it is now table

at Tirunelveli as will be clear hereafter.

5. In consideration of the additions proposed to be made to the Tirichendur-Kanyakumari road on the South and West, as well as of the importance of the town of Tiruchendur, I would not recommend (as was once proposed by the Survey Department) the change of Head Quarters to Tiruchendur, which in itself is an insignificant place.

6. The present table of Commandi with its Head Quarters at Tirupur might conveniently take a portion of the Coimbatore table which may be too far for adoption into Taram - namely the portion south of Sulur and East of Coimbatore, consisting portions of the Sulur, Coimbatore and Erode Taluks. The table Head Quarters may be at Tirupur an important market place, and the table itself may belong either to the Coimbatore or Erode District.

7. The present taluk of Kadiri is unduly large. It consists of the old Kurnool and Kadiri taluks and in addition Gooty which in former times was a separate taluk by itself and now lastly a part of the Kunigal taluk. Since the present headquarters is at the extreme South East corner of this taluk. I am of opinion that the only proper way to deal with this taluk is to divide it into two. Five out of the eight Gooty sub-divisions comprising the present Kadiri taluk, namely - Kadiri, Chitamukli, Kadiri, Gubbi, and Gooty together with Hindupur and Kagatipadu from Chickanayakanahalli would make an important taluk with the Headquarters at the large town of Gubbi.

8. I would retain the taluk Headquarters at Gubbi on account of the importance of that place, though it would be somewhat more central. I have

(30)

have already proposed that the Municipal limits should be enlarged from Kumarakoil to Srivilliputtur in any direction not less than 2 miles from the Municipal limits, vide G.O. No. 1,

3. The enlargement of Sivakasi and Srivilliputtur to the Madras Railway is very important. The Sivakasi Taluk is very rich and flourishing, and Srivilliputtur very rich. All produce is at present conveyed on Bullock to the Railway and Sattur markets and the country in between from which large quantities of cotton are already raised. The ordinary Cart-road connecting Sivakasi with some point of the Virudhunagar-Sattur Road between Srivilliputtur and Railway would be of very great benefit in opening out this very backward part of the District, and it is undesirable to keep it as a part of the Ramnad Zamindari Taluk which necessarily has its Head Quarters

at

at a place altogether out of the way.
Kittur is a place through which much traffic passes and it is very inconveniently situated as regards Chikmagalur taluk. The traffic is important and would make a compact block with Nagar and the whole may conveniently be added to Gubbi.

10. The remaining portion of the present Tarikere taluk are transferred, Kiriyadamara and Bellagutti, the two first named being of considerable importance these three portions together with Banalu = Kiriyadamara belonging to the present Chikmagalur taluk and a portion of Nagar = mangala about Bellur which is too far for the Nagar District, may form a moderate sized taluk with its Head Quarters at Tarikere. There was formerly a taluk at Tarikere and its abolition recently has led to much inconvenience. The recently a Tahsildar and 2d Class Magistrate was

bar declared this, and the Municipality has always been held that the Magistrate has now proceed the Sanger to Shikari. The Sheristadar and Cardinal will be allowed among neighbouring tahsils, the formation of this new tahsil would not be objectionable on the ground of expense, and the addition proposed to be made to Chikmagalur Kandahalli and Vijapur from the Kunigal and Tiptur Districts are in extent and importance quite equal to the new tahsil proposed. This new tahsil would not make the District needlessly large, but in any case that would be no objection for an already settled Vijapur may form a part of the new Tiptur District.

1. The part of Kunigal tahsil consisting of the Hirimelur Nanney the Hosahalli may with convenience be changed to the Nagalapur tahsil in the Tiptur District, believing that District is nearer of

of Srimanakali and Gelaidakki of the Nagamangala taluk which is proposed to be added to it. This would make it desirable to transfer the headquarter from Kunigal a very unhealthy place to Channarayapatna a place of considerable importance and very conveniently situated. This arrangement would involve expense on account of the public buildings required at Channarayapatna and decided would tend to the decay of the town of Kunigal. & therefore make the proposed addition undesirable.

12. Part of the Tumkur taluk of Gubbi division in the Kolar district which is proposed to be of the two villages of Kadur and Bommadanahalli may be added to the Chikmagalur and Tarikere taluks of this district, the boundary line between the two last named taluks proceeded to the east coming to make the part to be added to each taluk.

13. I beg to enclose a list of the Sahibs employed in each of the attached Talukas as we proposed and I would only add that some adjustment of the Villages in each Taluk would be necessary to obtain proper boundaries. This can easily be done if the general plan which I have attempted to sketch out in this letter is approved.

14. I enclose an original copy of a letter on the subject from our Commissioner No: 663 dated 8th August 1877.

From,

The Executive Engineer

To

The Deputy Commissioner
Kistna District

Sir,

I have the honor to acknowledge the receipt of your cover No. 848 dated 18th instant, forwarding Executive Commissioner's Proceedings No. 504 dated 2nd instant regarding the alteration of District boundaries &c. together with a draft being sketch for any proposals I may have to make.

2. I would support your proposal regarding the transfer of the Nuggehalli Hobli from the Bezwada to Madura Talook, as it is not only closer to Madura but there is also direct communication to it from Madura by the Cocanada Road, and the supervision of the 3 miles of road situated therein, is easy for the Subordinates of this Division.

3. As regards the 3 Hobli of Kallakurchi, Sangamcotta and Tadiyanamalli, I am also strongly in favor of their transfer to this District. Direct communication from Kollar to Kallakurchi the Head Quarters of the Assistant Engineer Range and one of the Sub Divisions of the District, is by means of the road passing through the above Hobli, and a portion of the Tadiyanamalli Hobli of the Bezwada Taluk

Salute. The distance by this road from Kolar to Chickballapur is 36 miles while as by the only other road it is reported to be 48 miles or 12 miles longer. As it is, however, it is necessary for any of the officers of the District to proceed rapidly to Chickballapur, they invariably travel over this portion of the Bangalore District and the Executive of the roads, and other works in these parts is far above and excels by the Officers and Subordinates of the Public Works Department, in Kolar Division than for those in the Bangalore Division.

4. As regards the other proposals made by you, I have no remarks to offer, except that it appears to me that the selection of the Chickballapur Salute, towards Madigiri and Hindupur will make that portion of the Kolar Division more straggling and distant from its Head Quarters, Kolar, than it already is, and more difficult for supervision. Chickballapur is by the direct road, viz not mentioned in Para 3 above, 57 miles distant from Kolar whereas it is only 47 miles from Bangalore.

5. The original enclosures are herewith returned.

No. 458

Your letter dated 28th August 73, No 458.

As the trade relations of Cyprus are with Turkey, the transfer of the Inland Revenue Establishment may not be required for the present, and in no case should it be extended to Turkey, any subsequent step in Inland Revenue matters the Secretary of State prefers that Inland Revenue should be more consistently established into the Business of Customs. The transfer therefore,

therefore, of the Indian Boundary Settlement to Chinnacottanchi may not be decreed. The Talaq of Chinnacottanchi may, indeed, take in a little more than proposed towards the north, so as to include Kadachi Kottiyan and may also include the Kottiyoor South of the Manantoddi Road; that is to say, all east of the Kiliyanthodu. The new Talaq at Tirunelli will be retained. Kadachi may not well take more than the Station Hill of Chinnacottanchi. The present limits of the Kadachi Talaq might, to a great extent, be altered by a transfer of its S.E. Quarter to Kadachi. The Talaq Office at Tirunelli may also most conveniently be transferred to Kottiyoor Station which is only 5 miles nearer the Talaq's Jurisdiction. It is more important that the Amildar should be located in the South part of the Station like Kadachi which will be within easy reach of Payyampalli, Tirunelli and other places. Under this arrangement, no transfer of Peons from Payyampalli will be required, but the Kaipa Hill of Kunjal may be transferred to Manantoddi and the Padinjarathara Hill to Kaipadi.

2. From the accompanying extract of a report from the Superintendent of Police, it will be seen that the Pudiyangadi Talaq is proposed to be abolished & Pudiyangadi retained. Any transfer of Villages into the Talaqs of Kaddapuram, Kottiyoor & Peruvalathur must, therefore, be regulated by their distance to the respective Kacheris.

Sir,

I have the honor to acknowledge the receipt of your Docket No: 2536 R. 458 dated 31st August 1892 and in reply to state that it is decided that no new Taluk can be formed as suggested in my former letter, the following arrangement appears to be the best under the circumstances.

2. The Shanarsi Taluk with the Headquarters at Tisaiyan may take from the Ettayapuram Taluk the whole of the Tiruchendur Hobli. It may in addition take the Kankarai and Soorankarai Pattus of the Sankaranainarkoil Hobli, the southern part of the Vadakkangulam Hobli of the Nanguneri Taluk being transferred to Ayanavaram. These changes are in accordance with proposals received

received from the Deputy Commissioner of Madras.

It is proposed that this may further be added the following portions of the Kadiam Taluk, namely:- the entire portions of the Inundated and Deltaic Wards including the Villages of Rajanthali, Sangumthali, & Vettil Devarthali &c.

3. The Chittavaryakamathali Taluk may receive that portion of the Guntur Taluk which is to the East and South of the Nimmakuru-Kuligur-Bookapatnam road, taking in addition a few miles on the West and South of Kuligur as far as is included in the Taluk and Village thereby. Portions of the Dumdimdara and Nidimi Hobli may be transferred to Madiada Taluk so as to make the boundary of this Taluk as nearly as possible a straight line drawn from Sunkesula Canal to Nessarkalli.

4. In accordance with the proposals above made the Madiada Taluk would consist of the present Taluk, viz:- Madiada, Chittavalli

Christianity, Vaisyanmaism and Saivism
Sastris, but with only four of Saivaites
and Dasalegamis the more distant portion
of this district being Sanskrited or already
Aryanized to Jainism and Vaisyanmaism.
The Tamil emigration addition have the
adjacent portions of Travancore and
Mysore, Holligalap already stated. The Vedantavas
Christian may finish up the removal to
Kanarese which is quite insignificant, as
compared with Tamil and is not subjective
healthy. The town was founded as Tamil
Nadalavaikka many years ago and the
tukkery building has been sold. Chief of

side easily only by the circuitous road
via Erode, and it would be a great saving
to expel the large Vaisya and insanitary

to transact the Revenue business, where
the only recommendation in favor of Kanara
is that it has a small population of
Brahmins

Pachmarhi not the invariable. Pachmarhi
promises to become a place of considerable importance
in course of time and is at a point where
several important roads meet, and a ...
Sanatorium there will Magisterial powers
would to a large extent supply the absence
of a Subdivisional Magistrate. Pachmarhi
would certainly be better as regards the
position of adjacent Cantts, but it is a
very small place where no accommodation
for further and increase exists.

5. Cantonments may be near, but not
of Municipalities and Notified Cantts the
Head Quarters of which they
belong, but they are from Kotah nearly
three miles distance from Cantts, and
this being a serious consideration I would
not recommend the transfer of any
portion of Municipality and Notified
to the Kotah District.

6. The Deputy Chiefs of Municipal

Sir,

I have the honor to acknowledge the receipt of the proceedings of the Chief Commissioner No. 164 of 1922 of the 3rd July 1922, on the subject of the proposed reduction and alteration of the boundaries of certain Sakule.

2. In reply, I beg to offer my views on the matter, which are based on my experience of the country, and have been formed also after much consideration with Chiefs and the Deputy Commissioner of other Districts.

3. The proposition to detach the Nakapa and Nakanai Sakule from the Kavieng District and add them to Mycore has been already tested, on the ground that it would make the Mycore District too large. It may be observed that the location of the Government Commissioner at Kerawere, on the Duke of York Islands at Nareopia, is created to meet the convenience of the people, who have now to travel to

distance to Karaw for the despatch of business.

4. The portion of Ambagpa South of the Lawery might also added on to Gedatore with advantage, provided the Headquarters town of that Taluk were moved to Salagrama but the Commissioner of Mysore has not taken out the proposal, and objects to any change except in the case of isolated villages. He has moreover not had the convenience of the Executive officers of the Department of Public Works, as the one officer who has to supervise Channels on both sides of the river should have to deal with two different Executives.

5. The proposition to amalgamate the two Talaks of Channapatna and Ramagiri has been frequently in the Cabinet, and each time for good reason it has been decided to maintain both Taluks. The Kacheris (Headquarters) of both Taluks are important towns, and it is undesirable in any opinion to injure the prosperity of either by removing the Headquarters elsewhere. The Kanakpur Taluk Cutcherri would yield to the larger but Manager to the Headquarters of the Excise Engineer and the Executive and the important

irrigation works in the vicinity. Here Narayan made the head-quarters, the Talak owned extensive mines by proper and the Amildar could give out desired attention to public requirements, as it seemed scarcely possible that Gowda could overlook both the channels of the Cauvery and Cauvery, which are miles apart, as well as the hilly tracts of Mallipatna on the extreme west.

6. This leads me to offer a few observations on the general expediency of enlarging Salaks. The plan was adopted in Madras on the recommendation of Sir Colly, and those best able to judge, Sir Colly among the number, have pronounced the step to have resulted in failure, since the Shanbhogs from having so much to and having so great distances to travel are compelled to perform their duties in a very perfunctory manner. Enlargements of establishments may result, but I submit it is not a point to aim at to the regardless efficient Amildars and the interests of Government at heart are able to do much in speedy disposal of business to balance the account. The Bombay Government after North Canara was handed over to them have found it necessary

a similar proceeds to reconstitute the
old Salem of Sidapair, which is fully
as small as Manaipair. Manaipair from
its being a small Salem has, as a rule,
its work well done, and its Chairpersons
further an excellent field for the training
of inexperienced Amildars.

4. The same reasons may be
advanced for merging the retention of the
Karwahli Salem. The proposal likewise
has also seems to have originated con-
sequent on the prosperity of Ankure, the
proposed Head Quarters of Banavar.
But I submit that the Head-Quarters
of the Kadur Salem should rightly be
at Kadur, and accordingly the proposals
of the Survey Department also should
submit the contracted as their transfer,
a number of villages from Banavar and
Kommahli are now to be added on to
Karwahli, so as to make of a more
compact Salem. The present annual
income amounts to Rs. 52,000, and from
the hilly character of the country, it
deserves more than an ordinary
amount of Police supervision. Another
objection to the proposal is that if the
Kapas District is taken off the Sagar Jur-
isdiction of Karwahli, it will result in

of great length, have title widths, &c:
Recently to the north, and the people who
have now to go from 6 to 30 miles to District
Head Quarters will be required to travel
100 to 60 to reach Kikuyu or Dagoretti.
It may be added as a final argument
against any change that these territorial
alterations are most unacceptable to
the people, who have local attachment
to the District. Many of these, who
have been tasked as to their duties,
will petition me, after over 2 years' Hut
to be revised, to Kapsabet.

P.S. Mr Bell, Collector adds of Dagoretti
enlarged a little by re-transfer from the
Kikuyu and the Kisii are to the
to the north and north west: but re-
commend that such changes as may
be advisable may be kept to be dealt
with by the Survey Department on the
completion of the Survey of those Districts.

I have the honor to be,
Sir,
Your most obedient Servant

With reference to the Progs. of the Chief Comr's 31st Aug 79. No 1649-68 P. 804 the Comr. of the Nagas Dn. is requested to submit an early report on the rectifications of the boundaries of tracts which are considered desirable in the 3 Dts of this Division. In considering the question the following suggestions amongst others may be taken into consideration.

2 The Standard Taluk of the Angami Dt is proposed to be retained with its H.Q. Quarters at Kohima.

Dy
6/11

In this case if it worthy
of consideration whether
the Lucka of the Bannawa
Talook may be transferred
to the more important
station of Kadur, also
any Kottas south of and Southwest of
Bannawar being
so transferred to the
new Arecikere Talook. A
proposal for the transfer
of the Bandikere Magani
from Bannawar
to the Arsikere Talook
has for some time been
under discussion.
If the Lucka were to be
transferred to Kadur,
additional village
may also be transferred
to Arsikere.
3 The question of the
proper station for the
Lucka of the Mudigere Taluk
should also be finally
settled. Mudigere is
not only dreaded by
the Native Taluk servants as a hell
but is at one end of the Taluk,

very far from Kalasa and the villages included in the Taluk — Kambal Matta, which is 8 miles further on the Seringapatam Road and near the river is supposed to be more healthy, and is a far more convenient and central place — Kotigehar where there is a Travellers' Bungalow and from which the road to Kalasa branches is only 2½ miles from Kambal Matta.

A few villages, Yelemalige and Bettadakumari, which are in the midst of the Koppa Taluk would require to be transferred to that Taluk, & the whole of the Bidaram Magani with a Adoor which is only 12 miles from Chikmagalur

b the latter taluk, trans-
-ferring the Adavalli
Nagani of Chikmagalur
which is beyond the
Ghats and very far
from Chikmagalur,
b the Koppa taluk.

5 A considerable
portion of the 73 villages
which were transferred
from Belur to form
the new Mudigere
Taluk and in which
there are no European
Estates, may be re-trans-
-ferred to Belur. The
inhabitants of these
villages now complain
of their having to
go an unhealthy and
unimportant place like
Mudigere, and the
inconvenience to them
will become greater
when the taluk is
further removed
towards the ghats.

6 These arrangements would diminish the area of the Indigere Talúk; but the Talúk is provided chiefly for the convenience of the Planters in that part, and it need not, for the single purpose of making it large, be extended into the Naidan country, the inhabitants of which would decidedly prefer the Cultivation of Bétel and Chittagong respectively.

7 The question of the transfer of the Jagir valley to the Chittagong Talúk, transferring portions of the latter near to Bétel and Radua to these Talúks may not be and maybe undesirable equally urgent if the Sakradi Talúk is to be retained.

6. The retransfer of
the Circle of the Kondali
Taluk from Byanti
to Kondali should also
be taken into consideration.
In this case, the Taluk.
Headquarters
which is very far
from Davangere
may be conveniently
united to Kondali &
Jagalur & the Bharmasagara
Harihara Davangere
Magadi Taluks may be transferred
to Chitaldrug.

7. The boundaries of
the Kadduga and
Sirdihal Taluks
require readjustment.
The portion of the latter
Taluk north of Kudligi
and including Kudligi
is very near Chitradurga
Kanakatti and may be
transferred to that Taluk.
In this case, the necessity
of retaining the Sirdihal
Taluk may be dispensed
with if the Kadduga Taluk could be

fixed at Balaklava, including in the Parish portions of Chichaldroog, the limits of the Judicial Court may be transferred to Hoodroog.

10 That such similar transfers of villages, which are only to be made if required for the convenience of the people, need not be carried into effect before the commencement of the next official year, but they should be considered and determined beforehand.

I

Respectfully.

village presents the singular anomaly of three-fourths belonging to one Taluk, and the remaining quarter to another. The fact is that the cluster of houses called by the name seems to have been built on the confines of three villages, one of which belonged to a Kavalé drig, and two to dafar. At the Survey settlement, one of the latter was added to the former, and we have thus the spectacle of two sets of Revenue and Police officials claiming and exercising jurisdiction over the same village - The Avantapéir - Sirdárahalli road forms the boundary for one half of the village - The Superintendent of Survey consulted me regarding the re-parking of the villages of the Taluk, and took the opportunity of making the suggestion, and I enclose an extract from my letter to that officer giving reasons more fully for the measure -

If I propose no change in

the Kamaldrug Taluk, except the additions proposed by Mr. Lacy (para 8 supra).

20. In conclusion, I beg to add that I have taken the opinions not only of all the Amildars, but also other experienced persons, official and non-official. In some cases, extensive alterations were proposed, but beyond those advocated above, they did not appear to me advisable. I have also consulted the Executive Engineer, Shimoga Division, who agrees with me in the recommendations above made regarding Honnali and the addition to the District.

21. The Survey Department has not yet compiled a map of the District, but through the kindness of Mr. Stoddard, the accompanying sketch map showing the changes proposed was prepared in his office, as there is no one in mine capable of the work.

22. After the Chief Commissioner's pleasure is known regarding the addition and deletions to the Schools recommended in the foregoing paras, the Tahsildari circles, to which each new village should be attached, can be easily sketched out.

I have the honor to be
Sir,
Your most obedient servant.

route is of a difficult character. He has also proceeded by Kalin Land and Kadai-mattu the distance by the alternative route about 5 miles. on the other hand, Narainalli is connected with Annamalai by a fair weather cart road which by the direct, and 3/4 of the village are already in Kovilattur. The remaining part would then also naturally be included in Kovilattur. No engineer of efficient experience would for a moment think of connecting the Sengipatti by the route which you will be good enough to agree with me, is distinctly preferable for the water supply of Chief Commissioner.

Deputy Commissioner's Office
Thaiyur District.
Tirupattur, 3rd January
1880.

To
The Commissioner of the
Salem Division.

Sir,

In submitting the following report on the rectification of the Salem and District boundaries called for in the marginally noted correspondence, I beg the honor to apologize for the delay which was unavoidable, and which, I trust, will not be considered inexcusable from the nature of the subject.

2 The changes, agreed and proposed may be considered under three heads.

(a) Abstraction to the District from the neighbouring Districts.

(b) Re-adjustment of Salem and Madras boundaries in the District.

3. With reference to point (a), I have decided, after, with every reference for the Revenue Salem Inhabitants belonging to Thaiyur - the

Chief Commissioner's letter dated 10th-63/304. dated 3rd July, 1879.

Madras Commissioner's circular dated 20th dated 12th August 1879.

No. - dated 30th dated 12th September, 1879.

Chief Commissioner's letter dated 24th-36/425. dated 25th August 1879 (Confidential)

Commissioner's letter dated 17th September, 1879.

No. dated 3rd January 1880 with enclosure of date 8th of the Chief Commissioner's proceedings dated 53 D-2/9.2 dated 5th Nov-

the Kadia town is only 2½ miles, while the Sabet boundary is much nearer - Here is considerable identity of the terms which prevailed in the two Sabets before the Survey, and the high road leading to Bangalore makes much of the Sabet far more readily accessible from Chinga than from Chikkanayakkanahalli. The force of this argument is further perceptibly illustrated by the Chinga Executive Engineer's range at present extending upto Sankere - The addition of Sankere to Chinga will moreover correct the present anomaly of the District Head Quarters being only in one corner and not in the centre of the District.

4. The only arguments which can be urged against the measure are summarised in paras 3, 4 and 5 of the Kadur Deputy Commissioner's letter of 23 dated 8th September last, but I submit they refer only to the convenience for

this would be the strongest argument for the change

for a few years more of the
offices of the District Travelling
from one part of it to another,
and not of the greatest good
of the greatest number. Besides
my own experience does not
confirm the apprehended in-
-convenience of the authorities
of one District travelling on
duty through another.

5 Even if the diminishment
or reduction in size of the
Kadir District is not contem-
-plated (vide para 2 of the
Chief Commissioner's Order No.
2-34-36 dated 25th August 1936
425
I should still recommend
for the foregoing reasons the
exclusion of the Sankeri Hills
& Bhavani in Mettupalayam.

6. The number the hilly parts
of the Agastyamalai Magani
are inhabited by European
planters, and in conformity
with the interested scheme
of consolidating all the
Coffee tract into a separate
District charge, the villages
which terminate South of
the ridgeline of Bodi Mayr be
cut off from Sankeri and

added to Chittamgalan.
I have not got the details of the villages with me, but if the principle is conceded, the necessary could be worked out without delay in carrying the measure into effect.
It does not however appear to me necessary to separate the whole of the Kinnadarahi Magani from Sanitere.
Whether it is ultimately decided that Sanitere should belong to Chinja or not, I am quite of Mr. Lacey's opinion that the Maganis of
(1) Ubeani
(2) Mathal,
(3) Sanitere,
(4) Bukaimbudi
(5) Dannigere
should be added to Chamma-gini from Sanitere. They are nearer to and more easy of access from Chamnagini and will mightly increase that Kacha-cheri towards the centre of the Taluk.

dated 3rd July last, have to agree in advocating the addition of the marginally named villages to the Bhimpha Taluk. They could be administered from Bhimpha much better and more easily than from any other Taluk head quarters town. The Deputy Tahsildar appointed to the Ingavaram proposed to be added to Kandukur -

9 As the Ramadi Circle, the Tahsildar's Magistrate jurisdiction extends to Ramadi - the intervening village of Inakollu is 14 miles from that place - the river at Ramadi is no bar to the change as the present Taluk boundary runs on the further bank of the river as the Tahsildar's Magistrate jurisdiction on the Kandukur road - not only for the facility of revenue work, but also to render more reasonable the D.P.I. & Police charges, Inakollu suggests itself as the natural terminus in this direction. I would however make this change conditional on the re-transfer from

against to Komaki of the Salut Kachari, which will be treated of further on. The Salut will then become more compact, and will resume its original shape from which I cannot but regret that it should have ever been distorted -

12. The Deputy Commissioner of Tezpur and the late Assistant of Bhamaguri respectively, since the transfer to this District of Bhaisamari-naga Kamaring and Kalaki-kere hotels, Reading Salut. I have not the pleasure - however of agreeing with them, as the Salut tracts are far nearer to Tezpur than Bhamaguri, and will tend to magnify the Bhamaguri Salut unnecessarily - The former hotel alone without the latter, with its Bradstoy Cedar and Tamulani, beyel, will not be easily manageable from Bhamaguri. I am therefore averse to either of these changes being made -

13. Regarding territorial changes

(4).

(ii) in the District itself, the first object which urgently calls for remodelling is the Nowadi Sabuk. For reasons which I shall not, because to criticize at this distance of time, the Sabuk runs west to east from Nowadi river on the Gilgil road on one side and much beyond that limit on the Gilgil road, to the 7th mile on the Nowadi-Naivasha road. The extreme length is therefore over 40 miles while the breadth is very narrow. There is however much difference between the physical characteristics of the eastern and western divisions of the Sabuk district, although roughly considered the centre belt of the land between Nowadi and Gilgil, is scarcely convenient enough for a Sabuk township. There is always a dearth of good drinking water, and the agents are going there on business complain of the unhealthiness and inconvenience of the place - the Sabuk officials are not the least sufferers, while the higher

officers by more or less to avoid camping at Khámti- the deep cotton soil of the locality however affords but a treacherous foundation for public buildings, as evidenced by the present state of the Commissioner's new Shan Cheri. The road which joins it to Kamai and Homâlî is all but impassable in the monsoon- 12. On the other hand, Homâlî is the ancient kacha of the Sakok, is the first where 5 roads converge; has a magistrate-Khâna, Executive Bangalo, and P. & T. Inspection Lodge: is connected with the District Head Quarters and other towns by roads, which are practicable at all seasons and afford suitable accommodation to the smaller officials. The Khamti frontier too is distant 5 miles of the town, and the considerable traffic, which flies between Summinkatâ and the Khamti District town, will be much safer from the attacks of

(1)

of Jeypore of the Amildar and Chief Police officials are stationed at Nowrâli - Last though not least, the ryots will find the river a great convenience whenever their business takes them to the Salem Kachery. The transfer of the Kachery from Attyâmti is also unobjectionable from a financial point of view - The present Kachery building at Nowrâli is very substantial and its stability may safely be guaranteed for the next 30 years at least. It is, I think, more spacious and significant than the building at Attyâmti which is in the second, far too small for a Kachery, and betrays in its rear inside planking cracks requiring costly repairing and bulging upon the Verandah of Attyâmti, but far the largest proportion of the inhabitants, seem further to be not very anxious to have the Kachery in their midst, as gathered from their conversation on my last visit to the town a few days ago. The Nowrâli

building is temporarily used as a tandal kotli, but if the change is made as recommended, the existing kacheri could be used for storing tandal, and is nearer to Shingle by the jungle track, and about the same distance (24 miles) as Kamali by the new Sarangia road. The proposed change will, in addition to correcting the abnormally longitudinal shape of the taluk, render advantageous and feasible the proposed transfer from Barangan of the Mukhtarnama Magami, and of Kamalai from Chamagai, thereby bringing within conveniently manageable distance some of the remote and isolated fragments of these taluks - For these reasons, I have the honor strongly to recommend the re-transfer to Kamali of the kacheri of the taluk -

13. If the measure advocated in

in the preceding para meets with the Chief Commissioner's favourable consideration, it will be necessary that the Subjoined (1) Kannai (2) Bámanhátti and (3) Chondi should revert to Chittagong, in which District they had been included prior to the change in the Civil and Criminal Jurisdiction of the Tribunal - The villages comprising these circles are nearer to and more easily get-at-able from Chittagong, and possess physical and other characteristics homogeneous with the western and south-western parts of that District - The Tribunal will, I am assured, also meet with the approval, and continue to the greater convenience, of the people affected. The Magistrate of Chittagong was also in favour, that the Villages are further from that town, and I should bear it in mind present in the

Komati Salut, with the exception of the following villages, which are within 12 & 15 miles from Shikanjéni, but much more distant from either Kainga or Komati. I would therefore suggest attaching them to the Shikanjéni Salut- They now constitute one entire Standlogi.

(1) Chetwalli.
(2) Realgonhalli
(3) Sárdgondanhalli.
(4) Arékatte
(5) Belalakatte
(6) Jaga. -

If not transferred as above to Shikanjéni, this tract will remain in a Kainga Salut nearly isolated from Komati & which they have belong. A few villages of the Kainga Salut at its eastern extremity, e.g. Kallapéni, Rámiradi, &c., are somewhat nearer to Chamajéni, but there is no necessity to transfer them at present, and they are not included without.

without actual necessity
to forfeit the meeting of
of integral magnets -
14. In the Kumaragiri Taluq
I presume the additions,
proposed from Saidapet,
would be followed by the
increase of a Sheristadar and
all the Police establishment
now employed therein - The
Magnam is greatly from
a site of territory large
enough for a Sheristadari
charge. I am already
in pain, I entreated the
Tangier to Komaldi of the
Komaldi Magnam, which
is much nearer to Komaldi
than to Kumaragiri, and
the intervention of the Cole-
-roon River and the unpleasant
hills renders the proposed
change inoperative - Besides
a re-fencing of the Sheristadari
circles is already needed
in this Taluk, as a glance
at the map will show - The
present Sheristadars are
convicted, and the Sheristadars
find them difficult to manage
with efficiency -

I therefore propose the re-adjustment noted in the margin. If sanctioned, this measure will greatly facilitate fiscal work, and render the northern parts of the Salvt much more easily manageable than at present.

15 I propose no changes in the Forest and Chittagong Salvts, with exception noted in para 13; the villages of the northern parts thereof are-tail and are another in the numerous points for any beneficial exchange. The similar proposal entails alteration, but it appears to me advisable to retain alone in these Salvts. The only exception is the village of Amethi of the Bara Salvt, which juts at the south into Sagar and is much nearer to that town than to Bara. It may therefore be advantageously attached to the Sagar Salvt.

16 From Sagar, the magani of Nehtaita should be de-tached and included in

It is the furthest from the Kaira, and terminates on the Kamair frontier of South Kanara - The distances from Sagar range from 32 to 24 miles, but with one exception, the villages of the Nagara are speakingly remote from Sagar, which Taluk it is divided from by the interposition of the Kaimár Nagara - The Kollúr ghát road cuts the Southern portion of this tract, and although the Sagar Amildar proposes the severance from Sagar of 19 villages belonging to the Nagara, I think it preferable to propose no change beyond the addition to Sagar of the village of Kalúr-mane which is about 18 miles to Sagar, but 30 to Sagar, and which is connected in the forests running up the Kodasádri Mountain -

Sir,

I have the honor, with reference to the Chief Comm^r's proceedings No 1649-63/304 dated 31st July 1879, to forward for submission to the Chief Comm^r. the accompanying reports (in original) as marginally denoted received from the Deputy Comm^rs of Districts, submitting their views relative to the revision of District & Taluk boundaries.

Kadur District.

3. Commencing with the Kadur Distt, the Dep^y Comm^r's proposals are as follows:-

I. The transfer of certain portions of the Harihalli Taluk, viz the Kuravanahalli, Arsikere, & Harihalli hoblis & the Kalyadi Nagani of the Kalyadi Hobli to the Banavar Taluk -

II. The transfer of the Kadur & Birur hoblies, and the portion (North of the Gowry hallah or Vedavatti) of the

the Yellambalai Hobli of the Banavar Taluk, & the Jaithiri Taluk, and the Hiriyur Nagani of the same Taluk, & the Hosdroog Taluk

III. The transfer of the Ubrani Hobli of the Jaithiri Taluk, comprising the Northern portion of that Taluk, & the Chemagere Taluk, & of that portion of the Shivani Hobli which lies to the North of the Curvalarayan Kere Kodihalli & the Hosdroog Taluk -

IV. The breaking up of the Lakkavalli Taluk, if resolved upon, by (1) assigning to the Jaithiri Taluk, those portions of the Lakkavalli & Kodmad Naganis lying to the East of the Bhadra River, and North of the Baba Boodan hills, (2) assigning to the Shimoga Taluk, portions of the Lakkavalli, Kodmad & Damas Naganis (3) assigning to the Chickmagalur Taluk, the Jagar Valley, and 2 villages of the Kodmad Nagani, (4) assigning to the Kavaladrug Taluk, the Konan-kere and Madabur Naganis of the Damas Hobli: and (5) assigning the Yedehalli Hobli, and remainder of the Damas Hobli to the Koppa Taluk -

V. The transfer to the Koppa Taluk from Chickmagalur Taluk, of so much of the Aravalli Nagani as lies to the North & West of the Bhadra River as well as 2 villages from the Kalasa Nagani of the Mudigere Taluk -

VI On the abolition of the Lakkavalli Taluk, the transfer of Koppa Taluk Head Quarters from Karibumpur to Hosa-Koppa or Chinnavarpetta.

VII. The remodelling of the Mudigere Taluk

Taluk by taking in villages from the Nanjerabad and Chickmagalur Talukes, and detaching outlying portions of the Taluk to Belur, Koppa and Nanjerabad Taluks, as detailed in para 11 of the Deputy Comm's report.

VIII. The transfer of the Karregutta magani of the Hurlli Hobly of the Chickmagalur Taluk to the Belur Taluk.

4. The sketch maps which have been sent to illustrate the proposals, have been recently returned to the Offg Deputy Comm. at his request, and will be transmitted shortly.

5. Since Mr. Lacey's report was written, the Chief Comm. has in his order No 5310-12/912 dated 11th ultimo decided on retaining the Hanballi Taluk which it was previously proposed to break up - Mr. Lacey's 1st & 2? proposals are based on the latter assumption, and it is no longer necessary to consider them. The Offg Deputy Comm. has been requested to submit the opinion & details called for in the Chief Comm's Proceedings above quoted, and if, as will I think be desirable, the Taluk Head Quarters be removed to Kadur, no change need be made, beyond detaching a small portion of the Banavar Taluk which lies most adjacent to the Hanballi Taluk.

6. Proposals No VII IV & VI may be considered together, as they assume the necessity of breaking up the Lakkavalli Taluk. The Lakkavalli Taluk though yielding

yielding a land revenue of less than Rs 50,000, covers a large area, and if subdivided in the manner proposed, the additions to the Koppa & Sarikoi Taluks will be inconveniently large. The transfer of the Jagar valley to W. Chickmagalur Taluk will be desirable hereafter when Chickmagalur is brought into direct communication by road with that valley - at present, the latter is very inaccessible from that side. Mr. Lacey's proposals involve also the transfer of Koppa Taluk Head Quarters from Haribur per to a new locality; and the erection of new buildings there. The present time is further an inconvenient one for this change, as the Lakavalli Taluk is about to be settled by the Survey & Settlement Department. I am disposed to recommend therefore that the Lakavalli Taluk should be retained for the present.

7. Proposals Nos V, VII & VIII provide merely for a slight remodelling of the Koppa, Mudgere and Chickmagalur Talukas by transfer of groups of villages for administrative convenience, and as these changes have been well considered, I concur with Mr. Lacey in thinking that they may be carried out at once.

8. The main proposals in regard to the Shimoga District may be summarised as follows: Shimoga District

I. The transfer of Sarikoi Taluk to the Shimoga District.

II. The remodelling of the Honali Taluk

Taluk (1) by taking in the Malabenur Hobly of the Davengere Taluk, and the Kundur Hobly of the Chennagiri Taluk, (2) by retransferring to Shimoga Taluk the Nagunis of Kumsi, Harnhalli & Chordi at the S.W. corner of the Taluk (3) by transferring to Shikarpur Taluk the 6 villages (marginally named) belonging to the Chinikatte Nagani (tract No 4 in the sketch map accompanying) & lastly, the transfer of Taluk Head Quarters from Nyamati to Honali, the former Kasba -

* Chatnahalli
Kelgunhalli
Savagundanhalli.
Arekatte
Belalakatté
Joga -

III. The transfer from Nagar Taluk to the Sagar Taluk, of the Hebbail Nagani (See tract marked No 7 in Shimoga District map).

IV. The transfer from Nagar Taluk to the Kavaledrug Taluk of Hunnekatté (See tract marked No 8.)

9. Proposal No I is not one that I can recommend. The Shimoga District is a sufficiently large charge for a Deputy Commr, and the addition of a Taluk, so important as Sorikeri, is not desirable. The transfer, as proposed by Mr Narsimmiengar would involve the curtailment of the Lingadhally Nagani which could not I conceive be conveniently administered from Chickmagalur -

10. Proposal Nos III IV & V I concur in all the proposals made under these heads

heads. The transfer of the Malabennur Hobli from Davengere is recommended by the Deputy Comr. Chitaldroog - Mr. Narsimmengar advocates strongly, and I think with good reason, as affecting chiefly the comfort of the Taluk officials, and the convenience of people who have to attend at the Taluk Kacheri, the retransfer of the Taluk Kasba to Honalli.

11. The proposals of the Chitaldroog District officer are as follow. Chitaldroog Dist

I The transfer to the Kanakuppe Taluk of Tarikere Hobli of Chitaldroog Taluk and part of Bharmasagar Hobli of the Davengere Taluk.

II. The transfer to the Chitaldroog Taluk of the remaining portion of the Bharmasagar Hobli of Davengere Taluk, and portion of the Aimangala Hobli of Hiriyur Taluk.

III. The Hiriyur Taluk to take in a portion of the Jalya Hobli of Chitaldroog Taluk, the Huliyar Hobli of Budihal Taluk, and part of the Limanhalli Hobli of the same Taluk.

IV. Hosdroog Taluk. The Bharmanaikendrug Hobli to be attached to the Chennagere Taluk (Shimoga District). The Mathod Hobli (in part) and part of the Budihal Kasba Hobli (including Budihal town) of the Budihal Taluk to be added to Hosdroog Taluk.

The

V. The Budihal Taluk being thus broken up, the remaining portions not absorbed in the Chitaldroog District, as above, are proposed to be attached to adjacent Taluks in other Districts, viz South portion of Budihal Kasba Hobli & Banavar and Harnhalli Taluks, the Kandikere & Imadenhalli Hobblies, and South portion of Timmanhalli Hobly, to the Honnavalli, Chikkaikenhalli and Sira Taluks -

VI. The transfer from the Davangere Taluk, of the Malebennur Hobli to Honali Taluk - See also proposals Nos I & II which affect the Davangere Taluk -

12. The above proposals are illustrated & explained in the Sketch map accompanying -

13. The most important change is that of the proposed abolition of the Budihal Taluk. From the situation of this Taluk at the extremity of the District, it cannot be absorbed in the Surrounding Taluks of the same District. The proposals of the Deputy Commr. so far as they affect his own District, appear to be well considered. It may be doubted whether any addition to the Hiriyur Taluk, large as its area already is, is expedient, but these additions are compensated in some measure by detaching from the

Hiriyur

Hiriyur Taluk the northern portion of the Ainangal Hobli, part of the Kathod Hobli lying near Hiriyur Kasba. There still remain the portions of the Budihal Taluk, lying South of the first line, to be provided for in the manner indicated in Proposal No V -

14. The changes to be made in the Hiriyur Taluk, by placing the Kasba in a more central position than it is at present, are advantageous; but the Deputy Commr. of Shimoga expresses some objection to the transfer of the Bharmanaikendrug Hobli to the Chennagere Taluk, chiefly as I understand on the ground that, if the Ubrani Hobli of the Davihere Taluk be added to the Taluk also (a measure which I do not recommend) it will be inconveniently large. On the other hand, the Bharmanaikendrug Hobli seems conveniently situated with regard to Chennagiri itself, and its transfer seems to me to involve no difficulties -

15. Owing to the great delay which has occurred in the submission of this report, the cause of which has been already explained, I have not thought it desirable to defer it longer, pending the receipt of the Deputy Commr's

Comm^rs replies to the reference made recently in the Chief Comm^rs Proceedings dated 11^th January last -

ਸਾਹਿਬ ਸ੍ਰੀ ਗੁਰੂ ਨਾਨਕ ਦੇਵ ਜੀ ਦੇ ਪ੍ਰਕਾਸ਼ ਪੁਰਬ ਦੀ ਖੁਸ਼ੀ ਵਿਚ ਸਾਰੇ ਸਿੱਖ ਜਗਤ ਵਿਚ ਬੜਾ ਉਤਸ਼ਾਹ ਹੈ। ਇਸ ਸਮੇਂ ਸਾਰੇ ਸਿੱਖ ਆਪਣੇ ਗੁਰੂ ਸਾਹਿਬ ਦੀ ਯਾਦ ਵਿਚ ਕੁਝ ਨਾ ਕੁਝ ਕਰਨਾ ਚਾਹੁੰਦੇ ਹਨ। ਕੋਈ ਗੁਰਦੁਆਰਾ ਬਣਵਾਉਂਦਾ ਹੈ, ਕੋਈ ਲੰਗਰ ਲਾਉਂਦਾ ਹੈ, ਕੋਈ ਕੀਰਤਨ ਕਰਵਾਉਂਦਾ ਹੈ। ਇਹ ਸਭ ਕੁਝ ਚੰਗਾ ਹੈ ਪਰ ਇਸ ਤੋਂ ਵੀ ਚੰਗਾ ਕੰਮ ਹੈ ਗੁਰੂ ਸਾਹਿਬ ਦੀ ਜੀਵਨੀ ਪੜ੍ਹਨਾ ਅਤੇ ਉਸ ਅਨੁਸਾਰ ਆਪਣਾ ਜੀਵਨ ਬਣਾਉਣਾ।

ਗੁਰੂ ਨਾਨਕ ਦੇਵ ਜੀ ਦਾ ਜਨਮ ਕਤਕ ਪੂਰਨਮਾਸ਼ੀ ਸੰਮਤ ੧੫੨੬ ਨੂੰ ਰਾਇ ਭੋਇ ਦੀ ਤਲਵੰਡੀ (ਅੱਜ ਕੱਲ ਨਨਕਾਣਾ ਸਾਹਿਬ) ਵਿਚ ਹੋਇਆ। ਆਪ ਦੇ ਪਿਤਾ ਜੀ ਦਾ ਨਾਂ ਮਹਿਤਾ ਕਾਲੂ ਜੀ ਅਤੇ ਮਾਤਾ ਜੀ ਦਾ ਨਾਂ ਮਾਤਾ ਤ੍ਰਿਪਤਾ ਜੀ ਸੀ। ਆਪ ਦੀ ਭੈਣ ਦਾ ਨਾਂ ਬੀਬੀ ਨਾਨਕੀ ਜੀ ਸੀ। ਆਪ ਦੇ ਪਿਤਾ ਜੀ ਖੇਤੀਬਾੜੀ ਕਰਦੇ ਸਨ। ਆਪ ਦੇ ਬਚਪਨ ਦੇ ਕਈ ਸਾਖੀਆਂ ਪ੍ਰਚਲਿਤ ਹਨ। ਇਨ੍ਹਾਂ ਵਿਚੋਂ ਇਕ ਸਾਖੀ ਅਨੁਸਾਰ ਆਪ ਨੂੰ ਪੰਡਿਤ ਹਰਦਿਆਲ ਜੀ ਪਾਸ ਪੜ੍ਹਨ ਲਈ ਭੇਜਿਆ ਗਿਆ। ਪੰਡਿਤ ਜੀ ਨੇ ਆਪ ਨੂੰ ਪੜ੍ਹਾਉਣ ਲਈ ਪੱਟੀ ਲਿਖੀ ਪਰ ਆਪ ਨੇ ਪੱਟੀ ਪੜ੍ਹਨ ਤੋਂ ਇਨਕਾਰ ਕਰ ਦਿੱਤਾ। ਆਪ ਨੇ ਕਿਹਾ ਕਿ ਮੈਂ ਤਾਂ ਪ੍ਰਭੂ ਦਾ ਨਾਮ ਪੜ੍ਹਨਾ ਹੈ। ਇਸ ਤੋਂ ਬਾਅਦ ਆਪ ਨੂੰ ਪੰਡਿਤ ਗੋਪਾਲ ਜੀ ਪਾਸ ਭੇਜਿਆ ਗਿਆ। ਉਨ੍ਹਾਂ ਨੇ ਵੀ ਆਪ ਨੂੰ ਪੜ੍ਹਾਉਣ ਦੀ ਕੋਸ਼ਿਸ਼ ਕੀਤੀ ਪਰ ਆਪ ਨੇ ਕੁਝ ਨਹੀਂ ਪੜ੍ਹਿਆ। ਆਪ ਨੇ ਕਿਹਾ ਕਿ ਮੈਂ ਤਾਂ ਸੱਚ ਦਾ ਵਪਾਰ ਕਰਨਾ ਹੈ।

Sir,

I have the honor, with reference to Proceedings No. 310-12 / 912 dated 11th January last, to submit for the orders of the Chief Commissioner, the two accompanying letters (in original) from the Deputy Commissioner of Kachar (the former of which reached me yesterday) reporting on the several suggestions therein contained.

From Chittalcherry No. 677 dated 28th February 1880

From Kachar No. 737 dated 11th March 1880 with final Chittalcherry District (the former a map of Kachar District.

2. In order to remember the correspondence, I have briefly noted my opinion on the proposals contained in the Kachar Deputy Commissioner's letter. These proposals have evidently been considered with care, and are generally in accordance with the Chief Commissioner's views

news, are contained in paras 1 to 7 of
the order above quoted, excepting with
regard to the present Trada of the
Mudagere Taluk, which cannot
be removed I think to any more
suitable site.

3. The subject of para 8 of the Order
has been discussed in my letter
No $\frac{676}{288}$ of 12th February last.

4. Para 9 of the Chief Commissioner's
orders adverts to the proposed re-
adjustment of the Kadur and

is in favour, it will be observed, of
adopting the arrangement now
proposed viz. of retaining the

the Tarikere of that and the Hiriadurg
Taluks to Hiriadurg and Kadur there
respectively. So far as I can judge,
the plan seems quite feasible, and
